☰ Projects

IRRA Responder & Monitoring App.

Company: Zigron Inc

Tools: React Native, JavaScript, Redux, Firebase, Socket

Iylus is a Safe and Smart Living Solution, created to Increase safety, comfort & convenience by controlling aspects of living through smartphones. Iylus Smart Companion allows the user to keep an eye on their premises/assets through Smart Security Devices and also receive help from added Responder(s) and record the evidence and send it to the security team.

Iysave App

Company: Zigron Inc

Tools: React Native, JavaScript, Redux, Firebase, Socket

Stay Connected with your Personal Responders - Iysave is an App to become Personal Responders for Iyzil users. When a request is sent by an Iyzil user, the Personal Responder must first download the Iysave App. Keep connected at all times. Iysave users will receive notifications whenever a paired Iyzil user triggers a Panic Alert. Iysave users can receive alerts periodic location alerts, at the discretion of the paired Iyzil users.Iysave users can also request an Iyzil user to pair and become their Personal Responder

Professional Monitoring Dashboard

Company: Zigron Inc

https://dashboard.iylus.com/

Tools: React Js, JavaScript, Redux, Socket, Html, CSS

Safe and Smart Living Solution, created to Increase safety, comfort & convenience by controlling aspects of living through smartphones. Smart Companion allows the user to keep an eye on their premises/assets through Smart Security Devices and also receive help from added Personal Responder(s) and 24/7 Professional Monitoring whenever an Alarm is triggered.

(Iyzil/Monitoring Dashboard) Backend

Company: Zigron Inc

Tools: Node, Mongoodb, Socket, Aws
